

SRIDHAR M

Python Full Stack Developer (Fresher)

+91-7373231504 | sridharsrinkdr@gmail.com | <https://github.com/Sridharm203> | <https://www.linkedin.com/in/sridharm02/>

PROFESSIONAL SUMMARY

Detail-oriented Python Full Stack Developer (Fresher) with a background in Mechanical Engineering, specializing in building scalable web applications using Django and React.js. Certified TCS iON Young Professional with hands-on experience in REST API development, Database Management (MySQL), and Responsive UI/UX Design. Proven ability to automate workflows, implement secure Authentication Systems, and deliver user-friendly applications following SDLC and Agile principles.

TECHNICAL SKILLS

Programming Languages: Python, JavaScript (ES6+), HTML5, CSS3

Frameworks & Libraries: Django, React.js, Bootstrap 5

Backend & APIs: RESTful APIs, CRUD Operations, MVC Architecture, JWT Authentication

Databases: MySQL, SQL Query Optimization, Database Schema Design

DevOps: Git, GitHub, VS Code, Version Control

Core Concepts: Object-Oriented Programming (OOP), Responsive Design, SDLC, Agile Methodology

TECHNICAL PROJECTS

Hotel Room Booking Web Application | React.js, Django, MySQL | [GitHub](#)

- Built a full-stack booking platform — users can browse rooms, select date ranges, and confirm reservations.
- Developed DRF backend with token-based authentication, role-based permissions (admin vs. user), and RESTful APIs for rooms, bookings, and users.
- Designed React.js frontend with React Router, Context API for global auth state, and a custom calendar for availability filtering.
- Prevented double-bookings by tracking occupied dates per room; deployed on Render with CORS configuration and media file handling.

Personal Portfolio Web Application | JavaScript, HTML5, CSS3 | [GitHub](#)

- Built a fully responsive, mobile-first portfolio with cross-browser compatibility across Chrome, Firefox, Safari, and Edge.
- Integrated dynamic project showcase and contact sections using React.js component architecture.

TECHNICAL TRAINING

Python Full Stack Developer Trainee | Login360 Institute, Chennai *Dec 2025 – May 2026*

- Completed 300+ hours of intensive Full Stack Development training, mastering Django for backend and React.js for frontend development.
- Built and integrated RESTful APIs with MySQL databases, implementing CRUD operations for 3 dynamic web applications.
- Applied Bootstrap 5 for responsive design, and Git/GitHub for version control in Agile sprints.

EDUCATION

Bachelor of Engineering — Mechanical Engineering | Builders Engineering College, Nathakadaiyur *2022 – 2025*
CGPA: 8.1

CERTIFICATIONS

- TCS iON Career Edge: Young Professional (Certified, 2026).
- Mahindra Pride Classroom: Soft Skills & Professional Communication.
- India International Science Festival: National Level Participant (Certified, 2017).
